

GWN Securities, Inc.

Business Continuation Plan Summary

GWN Securities has developed a Business Continuity Plan on how we will respond to events that significantly disrupt our business. Since the timing and impact of disasters and disruptions is unpredictable, we will have to be flexible in responding to actual events as they occur. With that in mind, we are providing you with this information on our business continuity plan.

Contacting Us – If after a significant business disruption, you cannot contact us at 561-472-2700, please visit our website at www.gwnsecurities.com or call toll free 866-650-0132 for any updates. You should contact your GWN Representative or the investment companies directly if you need immediate access to your accounts.

Our Business Continuity Plan – We plan to quickly recover and resume business operations after a significant business disruption and respond by safeguarding our employees and property, making a financial and operational assessment, protecting the firm's books and records, and allowing our customers to transact business. In short, our business continuity plan is designed to permit our firm to resume operations as quickly as possible, given the scope and severity of the significant business disruption.

Our business continuity plan addresses: data backup and recovery; all mission critical systems; financial and operational assessments; alternative communications with customers, employees, and regulators; alternate physical location of employees; critical supplier, contractor, bank and counter-party impact; regulatory reporting; and assuring our customers prompt access to their funds and securities if we are unable to continue our business.

Our clearing firm, Fidelity Clearing & Custody Solutions® (FCCS), which provides clearing, custody, and other brokerage services to GWN through National Financial Services LLC (NFS) back up our important records in separate locations. They maintain plans that include alternative physical locations; alternative means to communicate with customers; backup telecommunications, systems, and data; and employee safety programs.

Varying Disruptions – Significant business disruptions can vary in their scope, such as only our firm, a single building housing our firm, the business district where our firm is located, the city where we are located, or the whole region. Within each of these areas, the severity of the disruption can also vary from minimal to severe. In a disruption to only our firm or a building housing our firm, we will transfer our operations to a local site when needed and expect to recover and resume business within 24 hours. In a disruption affecting our business district, city, or region, we will transfer our operations to a site outside of the affected area, and recover and resume business within 48-72 hours. In either situation, we plan to continue in business and notify you through our web site, www.gwnsecurities.com or our customer emergency number, 866-650-0132, on how to contact us. **It is important to remember that all of your accounts are either held directly at the investment company or at our clearing firm, FCCS.** If the significant business disruption is so severe that it prevents us from remaining in business, we will assure our customer's prompt access to their funds and securities.

Important disclaimers – GWN Securities, Inc. will adhere to the procedures described in its business continuity plan and described above to the extent commercially reasonable and practicable under prevailing circumstances. There are, however, an incalculable number of events or circumstances that could result in a significant business disruption and their impact may vary greatly in size, scope, severity, duration, and geographic location. Further, significant business disruptions may result in varying degrees of harm to human life and regional or national infrastructure (power, transportation, communications, etc.) that could affect the firm's recovery in significant and different ways.

In light of this, GWN Securities, Inc., in its sole discretion, reserves the right to flexibly respond to any disruption in a situation-specific and prudent manner. **Nothing in this disclosure document is intended to provide a guarantee or warranty regarding the actions or performance of the firm, its computer systems, or its personnel in the event of a significant business disruption.**
